Scholarship Guidance and At-A-Glance: FY23-24
(Tentatively covering requests May 15, 2023 to March 1, 2024)

Please review this document AND ensure your account contains **ALL** accurate, factual, and up-to-date information **BEFORE** you make a scholarship request.

Please **do NOT falsify information or edit your profile in order to become eligible**. This constitutes fraud and has negative consequences.

**Preliminary Eligibility:** All applicants must meet the preliminary eligibility below **PRIOR** to requesting a scholarship:

1. All applicants must be **directly and currently working with children ages birth to preschool** located in one of the following settings: Connecticut licensed family child care homes / centers or group homes / OEC-funded license exempt centers and school-based programs (see page 3 for eligible expenses by setting/role, and pages 4 on for detail by expense). **Note:** School-age providers employed in licensed programs receiving OEC funds may be eligible.

2. All applicants must **have a free Registry account** ([www.ccacregistry.org](http://www.ccacregistry.org)), with confirmed employment last updated within **60 days of application**; follow the setting-specific instructions under the login section to accurately create your account. **To ensure qualifications/documents are up to date,** verify which documents have already been uploaded and coded to your account. Log in and go to your Documents. Click to open and view the files to ensure the most recent copies are on file.

3. All applicants **must meet required eligibility details by eligible expense** (see pages 3+).

**Scholarship Steps:**
2. Ensure your Registry account is up to date; and that all required documents have been uploaded and you have received verification emails for each (check your Documents after logging in and view the status of your uploads).
3. Log in to your Registry account and apply for scholarship.
4. Watch email for confirmation of application and then decision (copies of emails are also in your account My Messages).
5. **When awarded,** you must register for your course / fee / etc. at your college / vendor within **60 days of the award**.

**What if my request is denied?**
1. This Guidance and At-A-Glance provides key information to avoid denials or delays, but sometimes denials happen. You will receive an email with the scholarship decision and any denial reason/s. Please monitor the email you use for your Registry login for scholarship application updates (copies are also in your account My Messages).
2. If your scholarship request is denied (missing documents, wrong course selected, etc.) you **MUST reapply** for scholarship again for consideration once the reason is corrected.
3. You may appeal a denial under certain circumstances. Follow this Scholarship Use Policy and Appeal.

What do I do if I don’t use my award?
1. If you are unable to use your award, you must report this immediately to your Registry Education Advisor so the funds can be released. Not notifying your Registry Education Advisor can hurt your chances of getting another award in the future.

Sections 1-3: Guidance for Credit-Based Coursework, Tuition Related Fees, Pathways Exams:

Related Policy 1: Coursework must be completed at regionally accredited colleges.
   a. The OEC does not have relationships with all colleges and universities, and reserves the right to deny any request for a relationship where the need may be fulfilled with a currently listed college or university.
   b. Contact your Registry Education Advisor if you have questions about the vendor or cannot find the course you wish to take from the application listing.

Related Policy 2: The OEC supports early childhood education (ECE) degree attainment and degree progression (i.e. an individual may request support moving from a CDA credential to an ECE associate degree program or from an associate degree to an ECE bachelor’s degree program). The following are NOT eligible at this time: a second associate degree, a second bachelor’s degree, state educator/administrator endorsements (aka teacher certification) and/or trainings, or work toward a Master’s degree or higher.

Section 1: Credit-Based Expenses

For credit-based courses working toward a degree, applicants must submit the following:

For fall 2023 through summer 2024 DEGREE work:
   a. Evidence of application for 2023-2024 for your college or university’s financial aid (i.e. copy of college’s award letter) AND
   b. Evidence of application for 2023-2024 federal financial aid [such as FAFSA confirmation page email or pages 1 & 2 of Student Aid Report (SAR); www.fafsa.gov] if not specifically referenced in the institution financial aid document AND
   c. Complete copy of CURRENT/REVISED Plan of Study/Graduation Evaluation (from your college advisor; indicating the recommended courses you must take) AND
   d. CURRENT transcripts on file in your Registry account.

For CDA Credential:

You can meet the initial CDA Credential 120-content hour requirement via college coursework or noncredit training. Please contact your Education Advisor to discuss which option best meet your needs.

   a. For college coursework to meet the 120 content hours:
      i. Upload transcripts for any college credits and degrees earned.
      ii. Apply for scholarship (College credit and indicate the goal is the CDA Credential).

For 12 credits toward SCHOOL AGE (only) Head Teacher Certificate application for OEC Licensing:

This is an eligible expense for providers who have a verified School Age Head Teacher Experience Verification Form in their Registry account PRIOR to applying for scholarship AND have had a transcript review of all earned credits and degrees resulting in still needing to successfully complete more credits to meet the OEC licensing School Age Head Teacher Certificate. Scholarship funding is only considered for any credits necessary to achieve the minimum 12
credits to meet the School Age Head Teacher Certificate application requirements. Please contact your Registry Education Advisor to assist with this application.

For family child care provider stand-alone (non degree) credit-based classes:
Licensed family child care providers may take non-degree classes in the categories below and do not need to upload evidence of financial aid or a plan of study, if non-degree seeking. If a provider is matriculating in an ECE associate or bachelor’s degree, these classes may be part of the degree plan of study, and the required degree documents noted above are required.

a. For NAFCC professional development required for accreditation or accreditation renewal. Please see www.nafcc.org for more detail about the competency areas that must be covered to include a stand-alone course to meet their requirement. Also note that NAFCC allows noncredit options. The OEC offers free unlimited training via your Registry account that can be used to meet noncredit requirements.

b. For coursework related to running a family child care business, including ESL classes.

For the OEC licensing 3 credit director course requirement:
Applicant must be listed as an administrator of the program in the Registry and can apply without submitting any other documents; if listed in another role: Applicants must submit a completed Administrative Scholarship for Non-Administrators form, signed by the administrator/owner/board chair (Role must include direct involvement in the administrative duties of the program.).

Glossary of Terms/Definitions:

- “Academic Advisor” or “College Advisor” refers to college personnel that will help the students set and achieve their educational goals by working closely with them to select courses, identify strengths, choose a major and act as resource until the student graduates.

- “Administrator” refers to a leadership-level staff member tagged as such within the program’s OEC Registry Staff Confirmation details.

- “College Transcript” (also called an academic transcript or academic record) is your school’s documentation of your academic performance. It is my responsibility to return books purchased using OEC Scholarship if for any reason, I do not/cannot attend the course/s as schedule.
12. I agree to the terms of the OEC FERPA policy as stated below:

Gen. Stat. § 17b-733. Pursuant to that mandate, the OEC has created the Early Childhood Professional Registry (“Registry”).

In order to determine whether a particular scholarship fund applicant qualifies for funds, staff members of the Registry may request information from the applicant’s institutions of higher education. Such requests are made pursuant to the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) which allows schools to disclose records, without consent, to appropriate parties in connection with financial aid to a student. In return, in accordance with OEC’s scholarship use policy, the OEC may also share information regarding the scholarship fund applicant’s scholarship status with the institution of higher education.
