

Submitting documents? Easy as 1-2-3!
 We've made big changes so please give yourself time to get to know this information.
 Submitting documents correctly will get your documents processed more quickly.

Select one way to submit (below)	How do I do that?	How do I know my document was received and processed?
1. FAX	<p>Fax documents to 860-713-7040</p> <p>Use the Registry FAX cover sheet (found under General Information – Forms)</p>	<p>You will receive an email confirming what has been received (typically within 2-5 business days), and then a second email confirming when the document has been uploaded to your account (typically within 5-10 business days).</p> <p>Note: there will be only one email upon receipt and processing of First Aid, CPR, Med Admin and Emergency meds / EpiPen documents.</p>
2. Upload it myself	<p>Log in to your account, go to Document Management and Upload (see below for more detail).</p> <p>Do not include a cover sheet</p> <p>Administrative Access / MSA Access Users: You may upload documents to any confirmed staff member; upload Multiple Attendee Training Submission forms to your own account (they will be processed and moved to the program record).</p> <p>Click here for more detail.</p>	<p>When you successfully upload you get a pop up and email telling you the document has been received by the system.</p> <p>You get another email when the document was processed (verified, denied or identifying we need something else from you to process the document).</p> <p>Administrative Access / MSA Access Users: Correspondence goes to the account holder, not to you.</p>

Once documents are uploaded to your account you can **view your documents** after you log in under Document Management.

You can **view completions coded to your account** under My Tools and Settings – My Education and Training Report.

Note: The OEC Registry Unit will review all documentation and will follow the steps of the [Fraud Policy](#) if there are any concerns around authenticity.

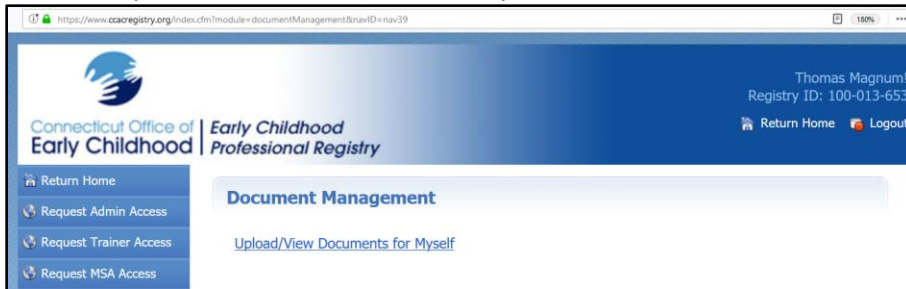

1. The OEC Registry Unit may require official transcripts or other attestations as needed for verification.
2. Course descriptions may be requested to verify if coursework meets Connecticut's Common Standards for Early Childhood and School-Age Credits and Degrees (see General Information).

How to Upload Documents Yourself

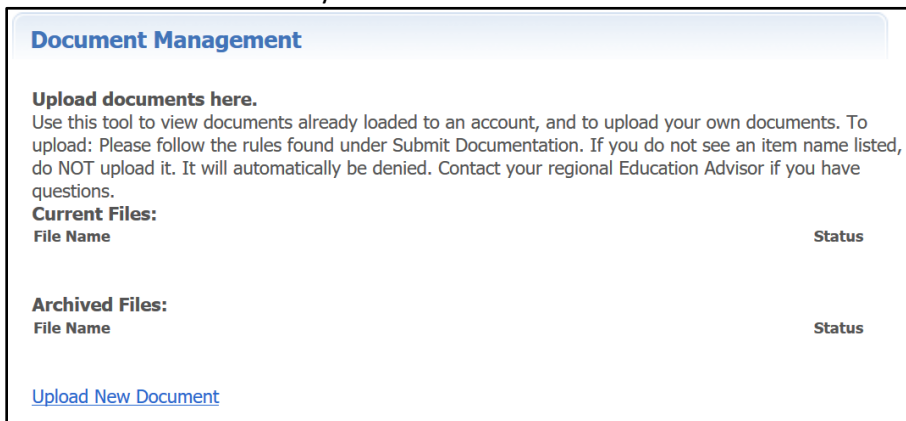

1. Log in to your account at www.ccacregistry.org
2. Always make sure Pop Ups are allowed on your device for Registry use.
3. Click the Document Management tab on the left navigation bar.

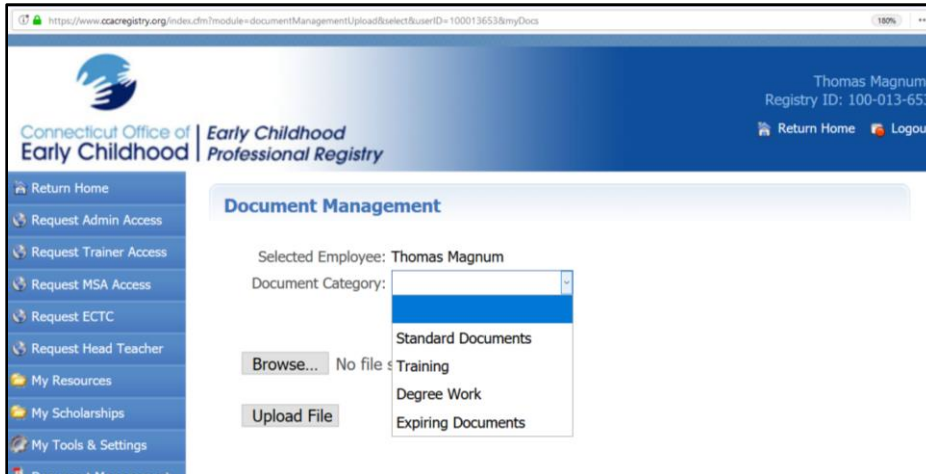

4. Click Upload / View Documents for Myself

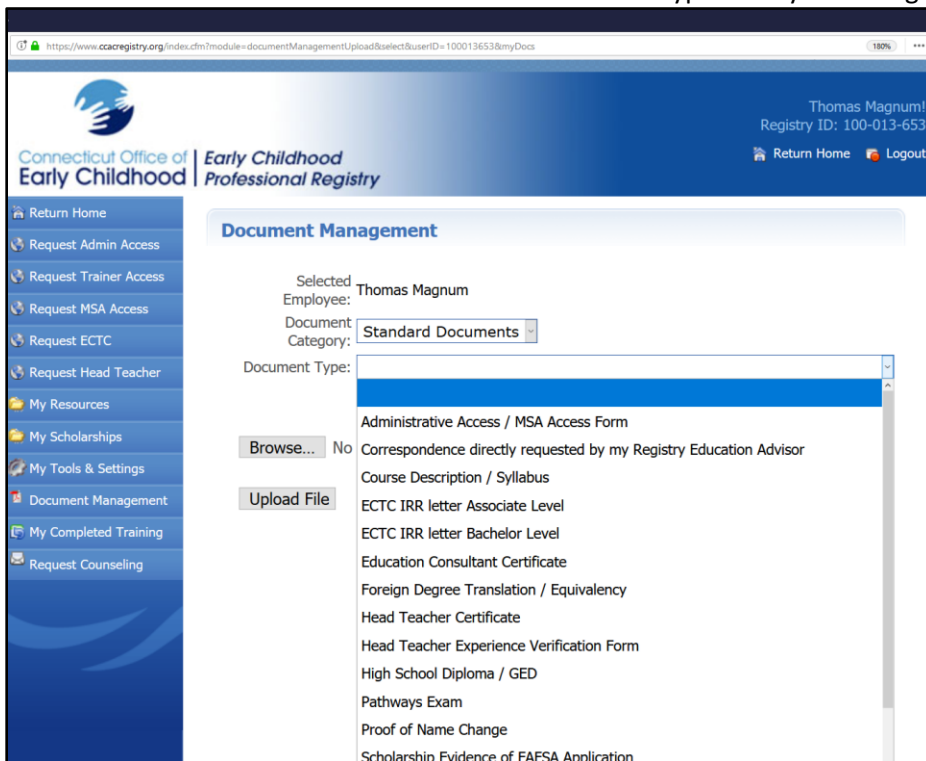

Note: any files you had in your account before the upload system was made will show in your Archive Files and are accessible to you there.

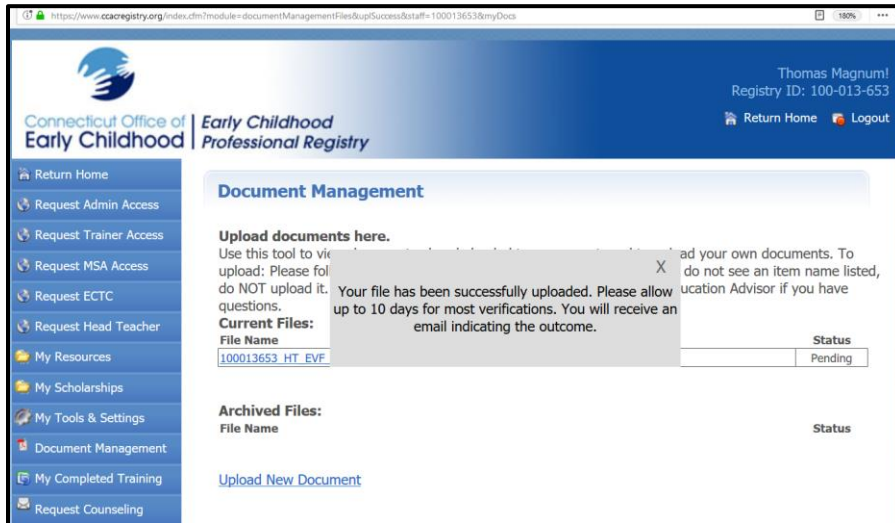

- Choose the Document Category of the document from the drop down. Refer to 'What to Send' if you have questions or need guidance.

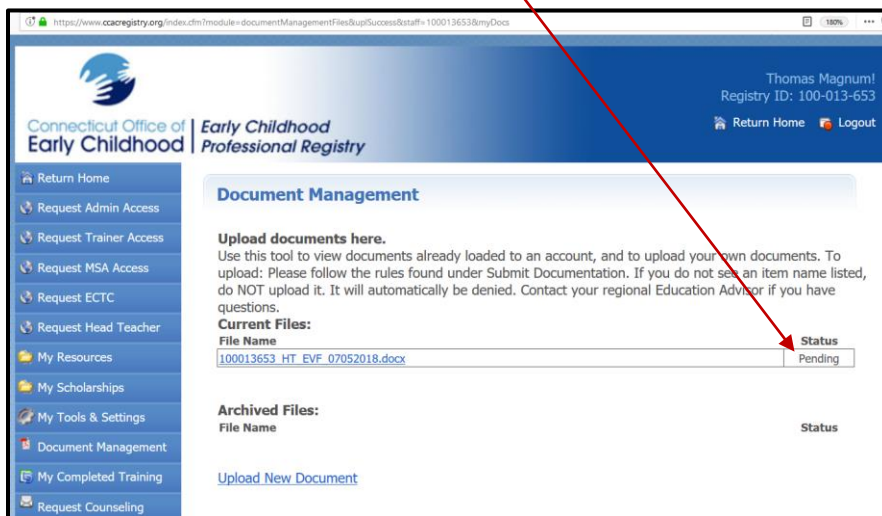

- Choose the Document Type from the drop downs. Each Document Type drop down has different lists. Refer to 'What to Send' to view all the Document Types or if you need guidance.

7. Click Browse to search your device for the file you want to upload.
 - a. Choose one file at a time to name each correctly.
 - i. The only exception is if you have a Health and Safety combination of any of the following Expiring Documents: first aid, CPR, medication administration, emergency meds/ EpiPen. You may bundle these and choose the first expiration date of the document expiring first.

You will see a pop up indicating successful upload. Notice the processing time in the pop up. Also notice the file is marked Pending in the Status column.

When the file has been processed by the OEC Registry staff, the status will change. You will be able to view the status change, and you will receive an email with the results.

- Pending = New; yet to be processed
- Processing = Being worked on; awaiting more information
- Verified = Document acceptable and content noted in the account

- Denied = Document is not acceptable and a reason will have been selected to indicate why.
